# \$40 TRILLION

FACTS ABOUT THE

# COUNTERTRADE BUSINESS

IN DECEMBER 1988,  
**THE U.S. DEPARTMENT OF COMMERCE**

established an inter-agency group, the Barter and Countertrade Division, specifically for developing Countertrade policies.

According to  
**the US Department  
of Commerce,**

"Countertrade accounts for up to 30% or more of today's commerce around the globe...which is about \$40 trillion.  
**Therefore, Countertrade is referred to as THE \$40 TRILLION INDUSTRY.**

According to  
**the New York Times,**

**"The companies involved  
(in countertrade)**

are some of the biggest names - General Motors, General Electric, Boeing, Coca-Cola, Pepsico and McDonnell Douglas, Fortune 500 companies, New York Stock Exchange-listed companies etc. And the number and size of the countertrade deals (billions of dollars) are so large that many companies have set up trading subsidiaries to handle their Countertrade affairs."

**Countertrade is how a small "elite"**

group of businessmen, major corporations and government agencies in more than 100 countries have been making trillions of dollars every year for the past 40 years.

Most companies spend millions and even billions of dollars on human and material resources just to set up and operate their own trading subsidiaries or divisions to handle their Countertrade transactions.

**Only a few billion-dollar corporations have the financial and human resources to operate their own countertrade divisions.**

# COUNTERTRADE IS THE MOST EFFECTIVE WAY TO CREATE MULTIPLE STREAMS OF INCOME

You can use Countertrade to:

## Earn

multiple

streams of passive income forever, or certainly for a long time to come.

## Replace

your current

income (so you can spend quality time doing what you really want)

## Build

yourself

significant passive income streams that constantly flow to you while you're not there

## Supplement

your

current income (and raise your standard of living)

## Create

a solid

financial nest egg (and all the cash flow sources forever for you and your family's secure future)

## Achieve

financial

independence and retire richer and faster than you ever thought possible.

## WHAT YOU DON'T NEED, TO BECOME A COUNTERTRADER

You don't need  
**money**

to get started. (Even if you're dead broke, you can structure deals that require no money, yet still pay you significant sums of cash in the next 7 days or less.)

You don't need  
**education.**

You don't need  
**a list of customers**

or subscribers. This knowledge is probably the most prized "asset" you could ever possess.

You don't need  
**to own a business.**

(Employees can just as easily profit from Countertrade as business owners and entrepreneurs.)

You don't need  
**a mailing list**

or even a website... I did not have any website when I first started and did my first 7-figure income deal using email only!

You don't need  
**a product to sell.**

(You can leverage on other people's products for a piece of the action.)

You don't need  
**to be an "expert"**

in ANYTHING. (a lot of the "experts" aren't really making that much money anyway...so you can quietly laugh at them as you rake in the cash.

**Because, this million dollar Countertrader opportunity will show you step-by-step how to make** a seven-figure income—and even eight—even if you're the ultimate generalist and do not have any specialized skills.)

HERE ARE JUST A FEW  
OF THE UNIQUE

# ADVANTAGES OF BECOMING A COUNTERTRADER

01

**YOU CAN "WORK" FROM ANYWHERE IN THE WORLD.**

Do you like to travel? Have you been planning an exotic vacation with your family? Great! Because in this business, you can make money as you travel around the globe.

02

**YOU CAN SET YOUR OWN HOURS.**

In most businesses, you must schedule your time around demanding clients and bosses. But not in this business... because in this business, YOU decide when, where, and how you want to work. Never become a slave to time again!

03

**NO FACE-TO-FACE SELLING.**

I don't know about you, but I personally HATE face-to-face selling. The good thing is, there's NO face-to-face selling in this business.

04

**IT HAS NOTHING TO DO WITH MLM, NETWORK MARKETING OR PYRAMID SCHEMES.**

This is a 100% legal, ethical and legitimate business. The biggest multinational corporations and even government agencies in more than 100 countries all use countertrade. Countertrade currently accounts for more than 30% of world trade.

05

**YOU DON'T NEED TO CREATE YOUR OWN PRODUCTS TO SELL.**

Because in this business, you leverage OTHER people's products to make YOU money.

06

**YOU DON'T HAVE TO DEAL WITH THE HEADACHES OF RUNNING MOST BUSINESSES.**

Because there's no employees to manage, no inventory to stock, no customer complaints to handle... you have complete FREEDOM from all those headaches.

07

**THERE IS A HUGE DEMAND FOR THIS BUSINESS, BOTH ONLINE AND OFFLINE.**

Which means once you know the step-by-step system I'm about to show you, you'll see opportunities everywhere for you to cash in.

08

**YOU CAN START PART-TIME,**

in as little as 30 minutes a day and start making money within 7 days of starting. You don't have to wait months or even weeks to turn a profit. In this business. Your profits can be rolling in within as little as 7 days.

Now, you're probably wondering what is this **COUNTERTRADE** business that could possibly have all these unique advantages.

# WHAT IS COUNTERTRADE?

Countertrade  
→ refer

to various international trade methods of structuring import and export transactions between companies in different countries or, in some instances, between countries themselves by linking a seller's exports to a buyer's imports.

The Department of Commerce in the United States has defined a countertrade transaction as 'one in which a seller provides a buyer with deliveries and contractually agrees to purchase goods from the buyer equal to an agreed percentage of the original sales contract value'. Countertrade is also a means of financing international trade in which payment is made partially or in full, with goods and services rather than with money, before they are converted to money.

## → Countertrade Deals are International Trade Deals.

**In the broadest sense,**

"countertrade arrangements" refer to a complete range of business arrangements (e.g., coproduction, subcontracting, technology transfer, investment, and export generation) whereby an exporter commits himself contractually to cause or generate desired benefits such as revenues for the importer.

Under countertrade arrangements, acceptance on the part of the exporter of such arrangements is IMPOSED by the importer as a condition to import, as stipulated in their export and import contracts. Thus, the main goal of CAs is to reduce or eliminate over a stipulated period, the net outflow of foreign exchange for importers.

## WHAT IS YOUR ROLE

→ AS A COUNTERTRADER

**Your role**  
as a Countertrader

is to initiate, structure and facilitate countertrade deals between companies in different countries or, in some instances, between countries themselves.

**PLEASE,**

DON'T LET THE ABOVE DEFINITION INTIMIDATE YOU.  
IT IS SIMPLER THAN YOU THINK.

LET ME EXPLAIN

# THE COUNTERTRADE BUSINESS MODEL WITH A SIMPLE EXAMPLE.

Sells steel, needs fuel

Let's say Robert is a business owner

who **manufactures and sells Seamless Steel Pipes and uses fuel** in their manufacturing process every day (This method works for practically ANY business and ANY product... as you'll soon see. But let's just use Seamless Steel Pipes as an example.) Because of his business, Robert is always on the lookout for potential customers who want to buy Seamless Steel Pipes.

Needs steel, Sells oil

Now,

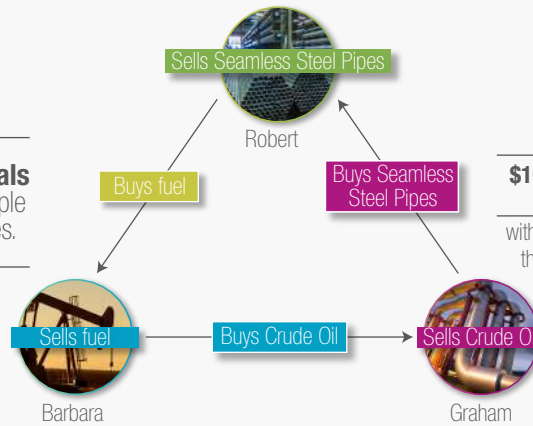

say you do a little research (I'll show you exactly how), and you find out Graham is the owner of a company that **needs Seamless Steel Pipes in their business operation and they sell crude oil.**

Sells fuel, needs oil

Let's say Barbara's refinery company

**produces and sells fuel but imports crude oil every month.**

**They will each sell off \$10 million worth of their products every month for the next 12 months**

with no risk and zero advertising cost because of the countertrade deals you'd create for them.

**And you will earn a 10% commission from each**

of their sales every month for the next month. If each of the three clients sells off \$10 million worth of products per month, that would be \$30 million sales combined.

**Since your commission is 10% of their sales, it means that your monthly income from this first deal would be \$3 million per month, for the next 12 months.**

HOW DO YOU STRIKE

## THE COUNTERTRADE DEAL

THAT WILL GIVE YOU

## \$3 MILLION PER MONTH,

## FOR THE NEXT 12 MONTHS?

Simple.

You can strike three or more multilateral deals from this set up **in the following ways...**

## STEP 1. SECURE DEAL #1

Go to Robert and propose to him that you would like to bring buyers to purchase \$10 million worth of his COMPANY'S Seamless Steel Pipes every month, on the condition that he will give you 10% commission as well as agree to start buying the fuel used in his company from your suppliers, at the same or better terms as their current supplier, if he signs a countertrade deal with you. Robert signs the deal with you.

## STEP 2. SECURE DEAL #2

Go to Graham and propose to him that you would like to bring buyers to purchase \$10 million worth of his company's crude oil products every month, on the condition that he will give you 10% commission as well as agree to start buying the Seamless Steel Pipes used in his company every month, from your suppliers, at the same or better terms as their current supplier. Graham signs the deal with you.

## STEP 3. SECURE DEAL #3

Go to Barbara and propose to her that you would like to bring buyers to purchase \$10 million worth of her company's fuel every month, on the condition that she will give you 10% commission as well as agree to start buying crude oil, from your suppliers at the same or better terms as their current supplier. Barbara signs the deal with you.

## STEP 4. CONNECT ALL THE DEALS TOGETHER TO FORM A MULTILATERAL COUNTERTRADE DEAL.

Once you have all the deals secured up with signed contracts that guarantees successful sales for everyone and your share of the deal from each party, you can introduce and connect all the parties together to consummate the transactions as one multilateral countertrade deal.

## STEP 5. SECURE YOUR PAYMENT WITH A TOLLGATE POSITION.

To guarantee the payment of your commission, you can use THE TOLLGATE POSITION to get the payment from each company to another company to all pass through your account. You simply take out your commission and send the rest to the company responsible for fulfilling the order. You will get the TOLLGATE POSITION in our program. I'm going to walk you through the TOLLGATE POSITION in step-by-step detail. From the above deals with the first three companies, you can easily make \$3 million from the three companies combined. This is just an example. The value of the deals could be more or less than \$3 million per month. But you get the point.

### PLEASE NOTE:

It is not important for sales you bring to any company to be the exact amount of the products they must purchase from your suppliers.

As you can see

in the above illustration, from just one deal with one company, you can easily create endless number of interdependent deals with as many companies as you like.

# YOU CAN **WORK ONCE-** **GET PAID FOR IT, FOREVER!**

You could make  
**\$100,000; \$500,000;  
\$1,000,000**

**or more a month** per deal and the revenues quickly mount up -- all while you're not there. Mostly without you personally having to do anything but set the deal up in the beginning.

You can start earning multiple streams of passive and residual income forever from dozens and dozens and dozens of different businesses -- without having to manage, work on them -- or even come in.

## **Control is better than ownership or management.**

As you can see, this business is as simple and hassle-free as a business can be. You don't need any products, mailing list, website or anything like that... because all that stuff is already provided by Robert, Graham and Barbara.

And you don't have to deal with any kind of customer service, fulfillment, inventory, refunds or any of those business hassles... because all that stuff is handled by Robert, Graham and Barbara.

## All you have to do,

is "set up" the deal between Robert, Graham and Barbara, and they take care of everything else for you... you just collect your check from each company involved in the countertrade deal EVERY MONTH.

**Most importantly,** this business creates a win-win-win-win situation for everyone involved, because...

### **Robert, Graham and Barbara**

wins because each of their companies now sells \$10 million worth of their products every month, with no risk and zero advertising cost. This is in addition to the sales they currently make.

### **And of course,**

**YOU win** because you get a fat "piece of the action" just for the simple "match-making" work of introducing Robert, Graham and Barbara to one another.

## THIS IS JUST ONE **COUNTERTRADE MODEL**

The above example is just one model of countertrade. In the countertrade million program, you will be given step by step details of more than 100 different models and examples that you can implement.

# HOW TO PUT YOURSELF IN A TOLLBOOTH POSITION OF BILLION DOLLAR

TRANSACTIONS WITHOUT INVESTING A DIME

As a Countertrader,  
**your only role will be to initiate, structure and facilitate countertrade deals between your clients.**

One of the most powerful ways to structure deals for your clients, to guarantee and protect your passive income forever, is to put yourself in a tollbooth position where every transaction, including million dollar payments passes through you.

See the diagram below

for an illustration of how a tollbooth position is structured.

# HOW CAN I BEST USE THIS COUNTERTRADE BUSINESS?

## 01

### Need additional passive and residual income streams?

**You can:**

- **Set up** a few countertrade passive income profit centers working on them a few hours at night or weekends or on your holiday .
- **Create a substantial supplemental income** source to pay for lifestyle, vacations, retirement, children's education or any other significant expense pay for.
- **Get to play off dozens and dozens and dozens of different businesses** -- without having to manage, work on them -- or even come in.
- **Make \$100,000; \$500,000; \$1,000,000 a month** per deal and the revenues quickly mount up -- all while you're not there. Mostly without you personally having to do anything but set the deal up in the beginning.

**Control is better than ownership or management.**

## 03

### Working for someone else?

- You can **introduce over 100 new profit centers** to your employer without them having to put up a dime and install yourself into a permanent toll position that pays you monthly forever---even if you leave their employ.

## 05

### Put someone else in business?

- **You have an array of choices here.** You can have a family member do it with you keeping the major share of the profits. You can recruit associates, sales people, deal makers, facilitators, and minor partners and create as large and vast a passive income empire as your imagination and motivation can envision.

## 02

### Say you own a business?

**You can:**

- **Get other caompanies to start buying your products** on a countertrade basis continuously.
- **Penetrate new international markets** automatically.
- **Add lucrative profit centers** to what you're already doing without having to do it yourself.
- **Take your products and services to numerous virgin markets** you've never even thought about reaching.

**And so much more.**

## 04

### Do it, part-time?

Working just weekends evenings or a few days a month you should realistically engineer six to a dozen solid passive income profit centers every six months.

This is where the concept of mounds-of-money comes from. Every additional profit center you add builds your passive income pyramid.

After a year or two you've either built an **EMPIRE** of multiple streams and sources of passive income working 24/7 for you. At this point you have a choice to make.

- Stop there and enjoy a lucrative supplemental income.
- Continue adding passive profit centers every year and start doing it fulltime.
- Bring on associates "minority partners" and investors and shoot-for- the-moon
- build yourself a virtual passive income.

**The options are infinite; the choice is totally yours.**

# HOW TO MAKE \$2.5 MILLION PER MONTH AS A COUNTERTRADER WHERE 100% OF THE WORK IS DONE FOR YOU

**If you don't want to initiate,** structure and facilitate deals as a Countertrader, there is a simple way for you to still become a Countertrader and 100% of the work involved will be done for you.

You can simply refer companies to **Countertrade** and we will do 100% of the work involved in closing the sales for you, initiating, structuring and facilitating deals for your clients. We will do all the work involved and you will get 25% of the income generated from our work.

## HOW MUCH INCOME CAN YOU MAKE BY REFERRING COMPANIES TO US?

### FIRST INCOME STREAM FOR YOU:

- ↳ Each company you refer to sign up, pays a sign-up fee of \$250,000 because of the roles we play in their businesses.

**You'd get 25%**

**of the sign-up fee from each client.** This means a \$62,500 income for you, from each client referred to us.

### SECOND INCOME STREAM FOR YOU:

**In addition to the sign-up fee,**

- ↳ we also receive a 10% commission for every sale we make on behalf of our clients and you will get 25% of this commission. For example. If we help a manufacturing company to sell off \$100 million worth of their excess inventory in one week, we'd get 10% commission, which will be \$10 million. Your 25% share of our \$10 million commission is \$2.5 million.

**In summary,**

**you could be earning \$62,500 from the sign-up fee of each client you refer to us per week,** and as much as \$1 million to \$2.5 million or more from our sales commission, depending on how much inventory we help your clients to sell off each week.

# WHERE DO YOU FIND THE COMPANIES TO REFER?

 We'd give you a lead generation system that shows where you can find the type of companies we like to work with.

WHEN AND HOW

# DO YOU GET PAID?

 You'd get paid every week by bank wire transfer.  
**No delays or waiting to get paid.**

# HOW IT WORKS

**NO SELLING IS REQUIRED AT ALL.**

## STEP 1. SIGN UP:

**Sign up for this Million-dollar Referral Program and we will set up your business website** and give you the exact email messages to send to companies and the scripts to use to approach any company to make purchase inquiries.

## STEP 2. APPROACH COMPANIES:

Use our scripts to approach medium to large scale companies and offer to buy their products. NOTE: We don't work with small businesses.

**For example**, you could call or write a company and say "Our company would like to buy \$100 million worth of your products. Do you have enough inventory to supply us this week?"

### **If they have enough inventory to fulfill your order,**

request for the details of person in charge so that you can pass it on to us. You don't approach companies to sell our services. No. You are only required to use the same 'BUYER'S APPROACH' strategy we use.

## STEP 3. EMAIL US:

Send us the details of the person in charge of the sales of the company.

**THIS IS YOUR ONLY WORK IN THIS BUSINESS.**

## STEP 4. WE CLOSE SALES FOR YOU:

**Our team will collect the details of the person** in charge of sales in that company and close the sale on your behalf.

## STEP 5. GET PAID 1:

We will send you \$62,500 as your **share of the sign-up fee from this company.**

## STEP 6. WE DELIVER SERVICE:

**We will purchase and resell the products** of the company within seven days maximum and receive a 10% commission from our sales. 10% commission of \$100 million is \$10 million.

## STEP 7. GET PAID 2:

**We will send you a second bank transfer of \$2.5 million as your 25% share of our commission from the above transaction.**

This is what you get for referring only one client to us. The more clients you refer, the more income you earn.

# The quickest way to make \$1.5 million per month

What is the quickest way to make **\$1.5M per month working only 30 minutes** every week?

The simple answer - and there is one in this case

is to simply get  
**10 different companies**  
to **pay you a 5%** commission for helping them to **sell off \$15 million**  
worth of their products using countertrade strategies.

A **10% sales commission** on the sales totaling \$15 million worth of products would give you **\$1.5 million income per month**. Best of it all, 100% of the work involved in helping you to structure deals for your clients would be done for you. Thus, you can start making up to \$1.5 million or more per month by helping companies achieve the **following benefits**:

## **SELL OFF ALL THEIR PRODUCTS IN 24 HOURS**

You can help any company to **SELL OFF** all their excess products and unproductive assets and to start operating at 100% capacity, every day using Countertrade.

“

I have invested and lost lots of money in so many business opportunities and schemes in the past.

So, I had a lot of doubts about the genuineness of this Excess Capacity Exchange opportunity but still took a chance because of my husband's encouragement. In less than one week of launching my Excess Capacity Exchange business, **I have made \$175,000 from the license fees paid by new licensees under my Excess Capacity Exchange business.**

I am just excited about what the future holds and the great dreams I can accomplish via this Excess Capacity Exchange business. **I cannot thank you enough for this awesome opportunity.**

**Mary P. Pennsylvania, USA.**

”

“

**I was referred here by a friend** and to be honest, I wasn't seeing the feasibility of earning a dime since I had no knowledge about this business.

The short of the story is that; this manufacturers' Excess Capacity Exchange business is the bomb. **\$150,000 within 30 days** is not something anyone could come by this easy.

**Brian David**

”

“

I had always wanted an opportunity to switch my career from a 9 to 5 desk job, and to become a Excess Capacity Exchange business-person.

However, **without any prior experience of the Excess Capacity Exchange market**, I was not sure of how to start the business. One day, I received your Excess Capacity Exchange offer via email. **It looked too good to be true**; so I did not respond. However, when my best friend told me that she had received a **wire transfer of**

**\$85,000 in her first week and was expecting another \$195,000 in the next week**, I was convinced that this Excess Capacity Exchange business was a real deal. Now, it has been two weeks since I started this business, and **I've already made \$58,500.**

I would **certainly recommend this platform to anyone** looking to make a good start in the Excess Capacity Exchange business.

**Joseph Kallan**

# Client Testimonials

My financial adviser told me to avoid forex trading – I should have listened. I messed up financially and was in a rut. I also lost capital in internet marketing with phony companies. On top of that I lost money in financing startups.

My friend told me about the Excess Capacity Exchange licensing business. First off, **I was able to make money within the first week of our business relationship.**

The best things about Excess Capacity Exchange is their professionalism and customer service. They provided me with the sales, support and technical staff to do **100% of the work in my business – awesome!** If you are on the fence about investing in this business – do it! You won't be disappointed.

**Jennifer Brad**

We generated **\$950,000 in only one month** of starting our Excess Capacity Exchange business. **Melina Cervelli**

I am not so sure if it is appropriate to name figures here but I am just unable to hide my excitement after **earning over \$275,000 in the first month** of starting the manufacturers' Excess Capacity Exchange business.

There was no cold calling, no talking to people on the phone, no face to face meeting and no spamming.

**I will keep doing this.** Please keep it up and thanks for the opportunity.”

**Josephine K.**

I was able to generate **\$48,000 within two days** of starting my Excess Capacity Exchange business.

**Dave Schamroth.**

I made **\$450,000 in 6 weeks** of launching the Excess Capacity Exchange business.
